- MS Students (RA ship)
    - Rs.8000/- per month from institute for the First semester, First year (regular admission)
    - Rs.9000/- per month from the center for second semester, first year
    - Rs.10,000/- per month from the center from second year onwards

- PhD students
    - Base Component (BC)
        - Rs.9000/- per month till Comprehensive viva (Rs 15000 in the first semester from the Institute and from the center thereon)
        - Rs.12000/- per month from the center after Comprehensive viva

    - **Performance Component (PC)**

        - Pre Comprehensive:

CGPA Range	Stipend Amount
>8.5	Rs.12000/-
>7.5 to <=8.5	Rs.9000/-
>=7 to <=7.5	Rs.6000/-
<7	0

        - Performance component will be based on the CGPA. Details are given in the above table.
        - Performance component will be supported from the second semester onwards.
        - Performance component will be supported only if the Base Component is provided from the center.
        - Performance component will be supported from the Institute
        - For External fellowship students, tuition fee will be deducted from fellowship and then performance component will be calculated. A

standing instruction should be submitted by the student to the PG Cell regarding deduction of tuition fee every semester.

– Each Post Comprehensive student will submit a report of their research work done for the last semester. If the report is submitted for the first time, indicate all the achievements so far. From second time on, highlight all the achievements in the last one semester

– Performance component will be based on the internal committee's evaluation as Grades on the submitted report. Details are given in the table below :

- Post comprehensive:

Grade	Stipend Amount
A	Rs.18000/-
B	Rs.14000/-
C	Rs.10000/-
D*	Rs.10000/-

- Note: Students with D grade in three semesters or three consecutive semesters will not get stipend in further semesters.

– Performance component will be supported from the Institute
– Performance component will be supported only if the base component is supported from the center.
– For External fellowship students, tuition fee will be deducted from fellowship and then performance component will be calculated. A standing instruction should be submitted by the student to PG Cell regarding deduction of tuition fee every semester

.

BC – Base Component
PC – Performance Component
